Attn: All Taxing Districts within Maricopa County

Please be advised that the processing of the resolutions resulting from the *Qasimyar vs. Maricopa County* judgment will start in August 2024.

The Treasurer's Office will begin with the court-approved class list for tax year 2015 and process each succeeding court-approved class list ending with tax year 2021. Any further corrections that need to be made to a parcel due to a correction from a prior year will also be processed year by year. These are referred to as the cascading years.

In the future, the Treasurer's Office will have information on how uncashed refund checks will be handled.

Updated estimates of the financial impact are now available on our [website](#). To view the impact on your taxing district as resolutions begin to be processed, please log in to your Agency Web account.

Should you need anything further, please email us at: [qasimyar.inquiry@maricopa.gov](mailto:qasimyar.inquiry@maricopa.gov).

Sincerely,

Maricopa County Treasurer's Office
